

ULTRA SLIM SURFACE PANEL LIGHT

Excellent illumination to make a wonderful life

AL-USL

Abaj Lighting's Surface panel lights can be used in the place where there is no option for false ceiling and regular ceiling lights cannot be fixed. Engineered to be fixed on any wall or wooden surface, these LED panel lights are highly energy efficient and are built in protection for current, short circuit and open circuit.

Compact contemporary design, high durability, optimum performance, Abaj Lighting's square or round surface panel lights are a great choice for indoor as well as outdoor lighting solutions ensuring excellent light during night time.
